# Eligibility Requirements

## How does WWRS manage these items?

- **Materiel remains in the possession of the Seller until requisitioned**
- **Seller and Buyer remain anonymous**
  - WWRS is designed to conceal the identities of Sellers and Buyers
  - The PMO uses its best effort to protect identities throughout the entire transfer process
- **Material passes through In-transient Inspection Point (IIP)**
  - Visually inspected for the appearance of serviceability
  - Materiel is sanitized (removal of exterior markings which could indicate the previous foreign customer's identity)
  - Documentation is maintained, serial numbers recorded when appropriate, photographed, repackaged and shipped to the Purchaser

# Eligibility Requirements

## How does WWRS manage these items? (cont)

- The USG assumes title to materiel that passes inspection and transfers title to the Buyer
- The PMO maintains records of transferred assets' origin and destination, associated dollar values, requisition numbers, and serial numbers for management and audit purposes
- **The Seller is liable for the serviceability of the materiel**
  - Unserviceable materiel is either returned to the Seller's freight forwarder or disposed of at the Seller's expense
